

Dear family and friends,

Thank you for keeping us in your prayers during the past week of the Island Impact Camp for 2009. It has been a blast!! We've been sharing special times of worship, prayer, ministry, enjoying the challenges of survivor activities, playing soccer in the rain, swimming laughing and dancing (loads of 'Bambalela' – African style worship dancing).

'Freedom' has been an important focus and to lead us towards this, Etienne, the guest speaker for the week began by emphasising the need to tackle the strongholds of the enemy in our lives. He continued to guide us further in a process of repenting, receiving forgiveness, rebuking and replacing. A number of children have received salvation and it has been a privilege to observe the confidence that the children have developed in praying for others.

During the camp, friendships between campers and staff have developed and strengthened. This level of bonding, in combination with prayer have created strong foundations for team unity on outreach. Outreach locations were announced mid-week and most campers chose to sign up for an outreach from the following locations:

- Siviri (Efate) - water tank construction, youth activities, prayer walks and community worship services
- Takara (Efate) - water tank repair, youth activities, prayer walks and community worship services
- Pango Village and Blacksands (Efate) - youth activities, construction work and assisting a visiting medical team
- Emau Island - youth program and community worship in a variety of villages, travelling every few days by foot from one village to the next

Thank you again for your support and prayers. We will continue to keep you informed about this great adventure!

Bless you!

The Island Impact Crew
